NSB CoRe – North Sea-Baltic Connector of Regions
Work Package 4 Spatial Planning for NSB CoRe Network Development

Accessibility Beyond the Core Corridors

Liene Stikane, Spatial planner for NSB CoRe at VASAB Secretariat

NSB CoRe WP4 Regional Workshop
Vaasa 14/03/2018
Joint transnational spatial vision on regional development, logistics and mobility of NSB CoRe corridor

Improve cooperation between national and regional authorities in planning and development of linkages between NSB infrastructure and regional/urban transport networks

Unique, never been done before

Combine spatial and transport planning

Broad stakeholder involvement
TEN-T corridors in the Baltic Sea Region
Towards joint transnational spatial vision on regional development, logistics and mobility of NSB CoRe corridor

Six workshops of stakeholders were organised to identify main aspects of SWOT and overall framework of the spatial vision.

SWOT analysis performed regarding connections, infrastructure, governance and impact.

Analysis of needs and bottlenecks in the NSB CoRe project area regarding infrastructure and institutional aspects.

- Stakeholders mapping performed to identify key organisation that need to informed and involved in development of the spatial vision
- Desk review of planning and legal documents, results of other work packages of NSB CoRe project
- Interviews and survey of related stakeholders
- Long-term spatial perspective draft elaborated till the second half of 2018
